TO A DYING REPUBLIC.

Token of Sympathy From Philadelphia Schoolboys Arrives.

BEARER RECEIVED BY "OOM PAUL."

War Experts at London Are Calculating on the Speedy Occupation of Pretoria by Lord Roberts' Troops.

London, June 1.—With Johannesburg added to the list of British towns the nation now eagerly awaits a similar transfer at Pretoria.

Doubtless, Lord Roberts ere this, has started for the Transvaal capital. The measure of resistance which he will encounter during the 30 miles which separate the Gold Reef city from the former seat of government is still a matter of conjecture, though most of the critics agree in believing it will not be sufficiently strong to delay the occupation longer than Saturday. Once there the reunion of the forces will probably occur while flying columns will be sent in various directions to stamp out opposition, establish garrison and occupy important railroad points. The only development reported from the seat of war is the statement from Cape Town that a number of colonial rebels recently surprised a small body of British at Douglass killing 16 of them, including their commander, Colonel Spence.

So far there is no official confirmation of this dispatch and the statements made must be received with caution.

MESSAGE OF SCHOOLBOYS.
President of Dying Republic Sorrowfully Receives It.

Philadelphia, June 1.—The North American has received the following cable message:

Pretoria, May 29.—By stress of dire circumstances the message from the schoolboys of Philadelphia to President Kruger, delivered this day has the tone of sympathy and sorrow at the final misfortune which is about to wipe the South African republic from the roll of independent nations, rather than of encouragement to a people fighting for liberty—for the fight has been fought—and lost.

"The message was delivered in the executive chamber at the capitol, through the windows of which came the rumble of ox carts and general confusion attendant upon the evacuation of the city by the families of the Boers. The British are reported to be approaching.

"There was an impressive silence in the chamber as the stern and venerable president of this doomed republic bent forward to receive from Messenger Jules Francis Smith the packet which the boy had traveled 12,000 miles to deliver into his hands.

"Caesar, Morituri te Salutamus," quoted Secretary of State Reitz as the president accepted the message. Then he added a bitter epigram: 'On this occasion the message is reversed. Caesar greets those about to die.'

"This reference to the United States and the message of sympathy from America to the president of a dying sister republic profoundly moved every one present. Tears glistened in the president's eyes as he took the packet from the messenger's hands.

"In presenting the message Smith made a manly little speech, informing President Kruger of the nature of his mission as the courier of the school boys of Philadelphia. Secretary of State Reitz translated Smith's simple sentences as they were spoken.

"Then the book from the North American containing the narrative of the movement that culminated in the dispatch of the messenger, and the newspaper clippings expressive of the sympathy of the people of the United States with the Boer cause was presented.

"President's Kruger's reply was grave and courteous. He tendered hearty thanks to the American people and particularly to the liberty lads of Philadelphia for the sympathy and charged Smith to return his greetings to the good people of America. Then with fatherly kindness he shook hands with Smith, congratulating him upon completing his long journey in safety and expressing the hope he would have an equally safe return to his distant home. The entire group, was then photographed."

To Transplant the Boers.
Denver, June 1.—Governor Thomas has given his endorsement to a gigantic proposition having for its object the bringing of the defeated Boers to the valley of the Platte in Colorado. The Union Pacific Land company pro-

poses to give a million acres of land, to be taken up under the Carey land act on the Julesburg and Wyoming divisions. There is to be no charge for the gift and the company will undertake to transport the Boers to Colorado, being repaid on the installment plan after the communities are established and prosperous.

GENERAL WOOD

Believes the Postal Frauds Are All That Exist in Cuba.

Havana, June 1.—General Leonard Wood, military governor of Cuba, authorized the following statement from him relative to the frauds in the Cuban postal service and the general condition of the island: "I firmly believe that the irregularities in the Cuban postal service which amount to plain theft only are all that will be discovered."

"The postal service has not been under my jurisdiction. I learned of the frauds, instituted an inquiry and took steps to secure the punishment of the men implicated."

"I have since inaugurated a thorough investigation into all the departments and I am confident that conditions of the postal service does not exist in any other branches. Of course there have been many rumors inspired by the postal scandal of fraudulent transactions in the other departments—the customs service, the engineers' department and the department of parks. I have every reason to believe that these departments have been conducted in a most business-like and honest manner. If there is one department I am sure of, it is the customs bureau. You can readily understand that men who have been in the habit of swindling the government under the Spanish regime do not take kindly to the introduction of business methods inaugurated by the United States. I think that on the whole the entire public service of Cuba has been improved."

Peking Situation Discussed.

Washington, June 1.—Nothing has been heard here from Admiral Kempff in command of the Newark at Taku since his short cablegram of Wednesday announcing the landing of the marines at Tien Tsin. As the admiral stated that the marines were proceeding by rail to Peking only a three hours' trip, it is assumed that they have arrived without hindrance at their post, and are now guarding the American legation at Peking. The state department assumes that the status is unchanged at Peking or certainly has not changed for the worst. It is hinted in diplomatic circles here that this sudden increase of activity on the part of the "Boxers" is nothing more than part of a well conceived plan by one of the great European powers to secure a permanent lodgment in Peking and to seize a position giving it full control of the great Pei-Ho river. The plan has proved abortive, owing to the alertness of the other powers.

To Aid the Chinese.

San Francisco, June 1.—In response to a communication from the attorneys of the Chinese Six Companies stating that the quarantine now being maintained is causing great destitution among the Chinese, most of whom are dependent upon their daily labor for their support, the board of health has asked the representatives of the companies to submit an estimate of the daily supply of food necessary for indigent persons in Chinatown, which estimate will be presented to the board of supervision for action. An autopsy at which the Chinese will be represented will be held in every suspicious case of death in Chinatown. Efforts will be made to secure detention stations on islands in the bay with accommodations for 7,000 persons.

Hanna and Allen.

Washington, June 1.—The debate between Mr. Hanna and Mr. Allen on the armor plate bill provoked the charge from the latter that Mr. Hanna had engaged in the manufacture of political armor plate. Mr. Hanna retorted that he had and it had been of an invulnerable quality. Mr. Elkins (W. Va.) backed Mr. Hanna in the demand that the question should be left to the secretary of the navy. Mr. Allen said this decision had been the first legislation that had been sufficient to bring the senators from Ohio and West Virginia (Hanna and Elkins) prominently in a debate, but they were found in the fore front of the battle when any legislation was aimed against the rapacity of the trusts.

Marietta, O., June 1.—The explosion of nitroglycerin at the Kelly well east of the city is the all absorbing topic, and the details are of a most horrible nature. The corrected list of killed and wounded is as follows: Killed—William Watson, Thomas Daniels, Hazelton Spears, William Carpenter, sr., Herman Spears. Fatally injured—James Spears, Dawson Scottlar, Henry Stotlar.

WITH THE STATESMEN

House Members Discuss Proposed Anti-Trust Legislation.

SENATOR HALE ATTACKS ENGLAND.

He Wants to Know What Great Britain Has Done For Her Starving Subjects In India While Fighting Boers.

Washington, June 1.—Without preliminary business the house resumed the debate on the resolution proposing an anti-trust resolution to the constitution. Mr. Boreing (Ky.) was the first speaker. Mr. Fleming (Ga.) reiterated the charge that the Republicans had no intention of putting through both houses either the resolution or the Littlefield bill.

Mr. Hamilton (Mo.) said if there was to be control of trusts it must be exercised by the federal government and a constitutional amendment such as was proposed in the pending resolution was essential.

Mr. Newlands (Nev.) said he concurred with the minority that the proposed constitutional amendment was a makeshift intended to meet a political emergency and without serious intention of finally being incorporated in the constitution.

But he said, he differed with the minority as to what should be done. He would vote for it because he believed the federal government should have enlarged powers rather than it should not exercise any power at all.

He appealed to the Democrats to join in passing the resolution and sending it to the Republican senate. Let the senate, he urged, take the responsibility of defeating it. Mr. Thayer (Mass.) defined a trust as a "business bastard" which Mr. Hanna could not palm off as the result of thrift, push and fair dealing of the American people.

Mr. Grosvenor (Ohio) devoted a few minutes to explaining that the failure of the Ohio Republicans to nominate Attorney General Monnett in Ohio did not indicate that they were opposed to the prosecution of trusts. Mr. Monnett had had two terms and it was the well established rule that no man should be a candidate for that office a third time. Besides, he said, Mr. Monnett was not a candidate for reelection.

Mr. Lentz (O.) said it was exceedingly pleasant for him to hear Mr. Grosvenor apologize a third time for the treatment of Attorney General Monnett by the Republican party of Ohio. Mr. Monnett, he said, has prosecuted one trust in Ohio in spite of the temptation of a bribe of \$400,000 and in spite of rebuffing of the Republican press of the state. Mr. Lentz had read an interview of the date of May 19, with Mr. Monnett in which he predicted that the Republicans of the state would be punished for their treatment of the trusts. "Mr. Monnett does not say that he was turned down," observed Mr. Grosvenor.

"You know," replied Mr. Lentz, that Mr. Lentz was a candidate for governor as the champion of the people against trusts, yet not a single Republican delegate dared raise his voice in his favor. He got but 28 votes. You have a reputation as a mathematician. Here is a problem for you: 'If Mr. Monnett for fighting one trust got only 28 votes how many votes would he have received if he had fought all the trusts?'"

Hale's Attack on England.

Washington, June 1.—At the opening of the session of the senate Mr. Perkins (Cal.) presented a petition from organizations and individuals of his state asking congress to make an appropriation for the relief of the famishing people of India, and he asked that it be referred to the committee on appropriations. He was not, he said, in possession of sufficient information to enable to enable to prepare a proper resolution dealing with the question. In 1897 he had asked for and procured a ship to carry to India provisions donated by the people of California, Oregon, Washington, Nebraska, Kansas and Iowa. The provisions aggregated 4,000 tons. No official acknowledgment had ever been received of that donation so far as he was aware. He hesitated now therefore to press a resolution looking to the relief of the people of India lest the government of Great Britain might not look with favor upon the action in sending to India unsolicited aid as it might not look with favor on a friendly intervention by this government in the South African war. The petition brought from Mr. Hale (Maine) a bitter attack on Great Britain. He demanded to know what England had been doing for her starving millions in India, while she

was pouring out unlimited treasure to crush two republics in Africa. Mr. Perkins said he did not wish to debate that question, but he did wish a careful committee report on the memorial. It was sent to the committee on appropriations.

COLONEL HAYES RESIGNS.

Son of Former President Honorably Discharged From the Army.

Washington, June 1.—The resignation from the army of Lieutenant Colonel Webb C. Hayes, 31st Volunteer Infantry, son of ex-President Hayes has been accepted by the president to take effect May 31. An order was issued by the war department announcing his honorable discharge from the army.

About Campaign Collections.

Washington, June 1.—Mr. Teller in the course of some remarks on the armor plate item in the naval bill said that the Republicans were getting ready for campaign contributions and would no doubt conduct the campaign on the same lines as in 1896. Then all producing concerns were assessed, especially the national banks. Mr. Hanna promptly denied the assertion. Mr. Teller said it might not be assessments but they were called upon for contributions in a manner that was virtually assessment, especially was this so in Colorado. Mr. Hanna pointed out that the president of the First National bank of Denver made collections for the Democratic party. Mr. Teller said it was but a small amount and reiterated his charge about political assessments in 1896.

Reformed Presbyterians.

Cedarville, O., June 1.—The session of the Reformed Presbyterian synod of North America was taken up with the reports of the boards of church. The board of superintendents of the theological seminary at Allegheny, Pa., reported the workings of the seminary in good running order. The board of church erection reported a number of churches helped and preparations being made for the erection of several church buildings. The board of foreign missions reported a total expenditure of \$48,889 in the work in Syria and China.

Gold Mine Sold.

Phoenix, Ariz., June 1.—The Congress gold mine, owned by the Congress Gold Mining company and located 60 miles north of Phoenix, has been sold for \$1,500,000 to a New York syndicate, including Warner Miller and John Mackay. The first payment, which amounts to \$200,000 was made. According to the terms of sale, the final payment will be made within one year. For several years the Congress mine has been regarded as the principal gold producer of Arizona, netting its owners as high as \$75,000 a month.

A Steamer Attacked.

Hongkong, June 1.—For the first time in years a large steamer has been attacked on the Yang Tse river near Ching King by pirates. The American captain named Flagg drove them off. The attack took place at the junction of the Great canal from Tien Tsin. This indicates that the "Boxers" around Peking is spreading south, but reflective people realize that there is no danger for the community because the "Boxers" are not armed.

Black Cancer Epidemic.

Newport, Vt., June 1.—An epidemic of black cancer rash prevails at West Derby, a suburb of Newport. Three deaths have occurred within a week and in each instance the victim had been ill but two days when fatal symptoms appeared. They were burned immediately. About 50 houses have been quarantined, the schools have been closed and everything possible is being done to prevent further spread of the plague.

Capital Stock Increased.

Harrisburg, Pa., June 1.—The Times company of Philadelphia, the recent purchasers of the Times newspapers formerly controlled by the estate of Frank McLaughlin, increased its capital stock from \$100,000 to \$700,000. The head of the new company is Chas. F. Kindred, formerly general agent of the Philadelphia and Reading line.

Death of a Brewer.

Philadelphia, June 1.—A cable message received here announces the death of Charles Engel, said to be the first brewer of German larger beer in America, at his residence in Kaiserslautern, Rheinfalz. Death was due to paralysis. Mr. Engel was born in 1816 and came to this country about 60 years ago.

Called on the President.

Washington, June 1.—Among the callers at the White House were Rear Admiral Ahmed of the Turkish navy and Ambassador Cassini of Russia, who called to pay his respects to the president before leaving Washington for his summer vacation in Europe.

PARADE IS POSTPONED

For a Day Owing to Constant Downpour of Rain at Louisville.

DESCENDANTS OF JEFFERSON DAVIS

Are Enthusiastically Received by the Confederate Veterans In Their Convention Hall—News About the Reunion.

Louisville, June 1.—Rain continued falling and as there was little prospect of its abatement, the grand parade of the Confederate Veterans and Sons of Confederate Veterans was postponed for one day.

A number of the features which were arranged for the entertainment of the veterans have been called off, and the rain has curtailed the success of others very materially.

There were, it is claimed, 3,000 ladies in the city who were anxious to attend the ball and there were not over 600 carriages available. Many ladies on their way to the ball were compelled to walk several squares in the rain with their light slippers and much discomfort was the result.

The convention was called to order by General Gordon. After the doxology had been sung, Rev. P. H. Hoguer, of Louisville, delivered the invocation. The Ladies' Memorial association presented a report asking that their organization be permitted to meet at the same time with the association and that their work be recognized and aided by the veterans. Consent was unanimously given.

General C. A. Evans, chairman of the committee on battle Abbey, presented the report of the body he represented. He said that the success of the committee during the past year had been more successful than had been anticipated. On May 26, 1900, the committee handed in cash \$65,210, good subscriptions received \$59,227, making a total \$124,437. He then read letters from Charles Broadway Rouse of New York who promised \$100,000 in cash whenever an equal sum should be raised by the members of the Confederacy, saying that he was satisfied of the fulfillment of the conditions made by him and authorizing the drawing of drafts upon him whenever the money was needed. He announced that Judge George L. Christian of Richmond had been selected as treasurer of the fund. The report was adopted with enthusiasm.

While General Evans was reading his report General Gordon interrupted him to introduce to the audience Mrs. Addison Hayes, daughter of Jefferson Davis, Miss Varina Howell Hayes, granddaughter of Jefferson Davis, Miss Carrie Smith of Tennessee, daughter of General Kirby Smith and Mrs. Geo. E. Pickett. For every one of them the assembly arose and cheered frantically.

Consul Covert's Report.

Washington, June 1.—Consul John C. Covert, at Lyons, France, has provided the state department some important facts concerning the resources and present conditions in Siberia which was brought out at a conference held at Lyons recently when the possible competition of Siberia with other cereal producing countries was discussed. Over 200,000 farmers, it was stated, arrive in Siberia annually, the government providing them free transportation and giving each family the free use of 37½ acres of land for a stated time. The population of Siberia is now 8,000,000, but basing the computation upon the population of Russia, in Europe, it is capable of sustaining 80,000,000 people.

Meeting of Medical Men.

Atlantic City, June 1.—Beginning with a meeting of the American Academy of Medicine this city for the next eight days will be the central point for medical men from all over the United States, as in addition to the above there will be a convocation of the health board of the United States, Canada and Mexico, a convention of the national federation of state medical examining and licensing boards and a three days' session of the National American Medical association.

EXTRAVAGANCE must have run riot down in Cuba under the imperial rule of McKinley and his appointees. Senator Bacon, in a recent speech, compares the expenses of running Cuba, under the present McKinley regime, with that of various States of similar population. The expenditures in Cuba for the year 1899 were \$14,000,000. From this he deducts the costs of municipal governments, schools and postal expenses, reducing the expenses of the general government to \$11,000,000. Here is what it costs various State governments whose populations correspond with that of Cuba as shown by the recent enumeration:

Georgia.....	\$ 872,000
Missouri.....	1,707,137
Massachusetts.....	3,500,000
Indiana.....	2,980,000
Arkansas.....	550,000
Minnesota.....	4,850,000
Mississippi.....	749,000
Kentucky.....	2,738,000
Tennessee.....	2,580,000
Michigan.....	3,584,000

ANOTHER ROAST FOR SMITH.

The Chicago Inter-Ocean is one of the leading Republican organs of the West, but what it is doing to Mr. Charles Emory Smith, McKinley's Postmaster General, is a plenty. It alleges that the disgraceful scandals in the postal department can be laid at Mr. Smith's door and charges him with neglecting his duties to play the role of "orator of the administration." If this were all it would be bad enough, but the Inter-Ocean openly asserts that Mr. Smith covered up a grave scandal in the postoffice at Chicago, simply because it might hurt the Republican party if published to the world. Here is one of the Inter-Ocean's latest editorials "roasting" Smith:

When a man at the head of a great public department devotes his attention to almost everything except his official duties, then incompetence and dishonesty may be expected to run riot in that department. Postmaster General Smith is such a man. While he has been running about the country expounding all the policies of the President, defending the Porto Rico tariff and making war on the Republican organization in his own State, the Postoffice Department has been without the supervision which he should have given it. To Mr. Smith's neglect of his official duties must be attributed the fact that Neely's operations were so long undetected. To this neglect may be ascribed the scandal in the Washington Postoffice and the existence of similar malfeasance in Porto Rico.

The President undoubtedly is profoundly shocked and grieved by the postal scandals, and sincerely desires to stop the stealing and to punish the guilty. His experience in public affairs should suggest to him, then, the advisability of beginning the cleaning process at the top. The people are not at all pleased with the object lesson which the Neely case presents to their view. They will not be satisfied with the punishment of subordinates while the careless superiors go free. Neely and his associates if proved guilty must be punished, but the people will not accept their punishment as atoning for the general mismanagement of the Postoffice Department.

The President needs a Postmaster General who will devote his whole attention to the exacting duties of his office and not attempt to be the orator of the administration. The sooner the President finds such a head of the Postoffice Department the better it will be for the Republican party. A demonstration that stern justice, without respect of persons, is to be done to all men responsible for the existing scandals would have a wholesome effect upon public opinion just now.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. Trial bottles free at J. J. Wood & Son's drug store.

MARTHA WEALEY, colored, of Washington, was buried Friday.

KNIGHTS OF PYTHIAS.

District Convention To Be Held at Castle Hall Next Monday Afternoon and Evening.

The Knights of Pythias of this district will hold their annual convention at Castle Hall, this city, next Monday afternoon and evening. The afternoon session will begin at 2:30 o'clock.

Grand Chancellor John T. Horner and Brigade General W. R. Logan will be present, and delegates are expected from all lodges in the district, which embraces the counties of Bracken, Robertson, Mason, Fleming, Lewis, Greenup and Boyd counties. Members of Limestone Lodge and of Maysville Company of the Uniform Rank are urged to turn out and give the visitors a knightly welcome.

Arrangements have been made with the Daughters of Rebekah to serve a luncheon at 8 o'clock in the vacant room on the first floor of the hall.

STOCK SALES MONDAY.

Regular County Court Day—Free Ferriage for Visitors from Ohio.

Bear in mind that next Monday is County Court and Stock Sales day in Maysville. The June term of the Circuit Court will also convene.

The Board of Trade has completed arrangements with Captain Phister for free ferriage for all visitors from Ohio that day. This concession to our Ohio friends should show them that Maysville merchants not only have a great stock of goods and at bargain prices, but cater to their custom by offering free transportation. Thus they can come, inspect, and if everything is not as represented they are out nothing—not even ferriage.

Farmers who have produce to sell; dairymen who produce butter; poultry merchants with eggs and chickens; stockmen with horses, mules, cattle, sheep and hogs, a market is in Maysville paying you high prices for all these commodities.

MUSTERED OUT.

Mason County Guards in the List of Companies Ordered Disbanded.

Gov. Beckham has issued an order mustering out ten military companies, among them several which were mustered into service a few days prior to the election last fall. The companies ordered disbanded are as follows: London, Barbourville, Corbin, Pineville, Paintsville, Vanceburg, Grayson, Mt. Vernon, Maysville and Pleasureville.

Assistant Adj. Gen. Murray said that the principal reason for mustering these companies out is that the Second regiment as organized before the mustering out of these companies contained more than double its quota, and that several others will have to be mustered out to bring the number within the statutory provision of a two-battalion regiment, or eight companies.

Fancy Silks at Greatly Reduced Prices

This has been the largest silk season in the history of our store. We anticipated a great demand for silks and bought extensively. Of the former immense stock we have still left about forty patterns in waist lengths of exquisite fancy silks. We think it wise to dispose of these while the weather is still fit for silk wearing, and if price and your good judgment count for what we think they will, not one of these silks will be carried over until next season. The \$1.50 kind is now \$1. The \$1 grade is reduced to 75c. and so on down the list. It's a great silk opportunity. Don't miss it.

The Proper Things in Underwear.

We value our good reputation as handlers of proper underwear for men, women and children and our present large and varied stock will more than maintain it. Splendid taped neck Vests, 5c. Neck and arm holes taped, three for 25c. Lisle Vests, silk taped, 15c., 25c. and 50c. Splendid qualities of men's Balbriggan Underwear, 25c. and 50c. We carry a complete line of infants' and children's underwear from 10c. to 50c., guaranteed.

A Word or Two About Gloves.

Our one dollar guaranteed kid glove sells so rapidly that we seldom feel a need to advertise it. It is the famous F. W. L. Glove and improves with each season's output. In the undressed kid the Dupray at \$1.50 and in the dressed kid the La Rome at the same price are masterpieces of the glove makers' art. Both guaranteed.

SURVEYORS SOON TO BEGIN

Work On the Proposed Extension of the Brooksville Railroad to Johnson Junction.

[Mt. Olivet Advance.]

Mr. E. J. Hunter, Secretary and General Manager of the Cincinnati and Licking River Railroad, accompanied by Mr. Chas. B. Willis, of Brooksville, were in Mt. Olivet Friday of last week interviewing our people in regard to the building of the above road by way of Mt. Olivet to Johnson Junction. Mr. Hunter met a number of our citizens, all of whom told him that our people would do the proper thing financially to get the road.

Mr. Hunter was in no position to make a proposition, and will not be until the surveyors make a preliminary survey of the proposed routes.

The engineers, we understand, are in Brooksville, and that the work of making the surveys will begin the latter part of this week or the first of next.

The company has two routes in view at present, one by way of Mt. Olivet and the other to follow the North Fork. In our opinion the latter route is not practicable for the reason that this stream is one of the most crooked in the State and to follow it would require a greater number of miles to reach Johnson Junction than it would by Mt. Olivet. There can be no doubt but that it would be cheaper to make a grade up Salt Lick than it would be to lay the extra amount of steel and build bridges along the North Fork. For this reason the Mt. Olivet route will be the most preferable to the company.

The road will be built from Brooksville to Johnson Junction. The promoters of the enterprise have actually purchased a majority of the stock of Brooksville and Flemingsburg roads.

The people of Mt. Olivet and Robertson County will give anything in reason to have this road come to Mt. Olivet, and we are anxious for the day to come when a proposition can be made.

MISS BENDEL'S RECITAL.

First Presbyterian Church the Scene of an Enjoyable Musical Last Evening.

The recital given by Miss Regina Bendel, a pupil at Hayswood Seminary, Friday evening at the First Presbyterian Church was quite a success. A fine and attentive audience was present.

The program opened with "The Peer Gynt Suite" by Grieg. The story was read in quite a pleasing style by Miss Lida Rogers, after which the quartette was played by Misses Rains, Glascock, Frances and Elizabeth Barbour. The ensemble was good and the interpretation refined and clear.

Miss Bendel played with repose and precision. She was perhaps at her best in Valse Lente by Schutt, Recordati by Gottschalk, in which she displayed a good melody touch. The Poeme by MacDowell was played with warmth and originality of expression. In the Arabesque she showed fine chord playing.

The piano numbers were pleasantly interspersed by vocal selections given by Misses Rains and Glascock. The program closed with a pretty duo by Chiminade, played by Misses Bendel and Moore. The program in full was as follows:

1. Quartette—Peer Gynt Suite—
a. Day break. Grieg
b. Death of Asa.
c. Anitra Dance.
d. In the Hall of the King of the Mountains.
2. Sonata in D major. Haydn
Miss Regina Bendel.
3. Vocal Duet (a. The Violet. Abt
b. The Evening Star. Anderson)
Misses Marie Rains and Glascock.
4. a. Valse Lente. Schutt
b. Recordati. Gottschalk
Miss Regina Bendel.
5. Song (a. Winter Lullaby. DeKoven
b. Across the Desert. Coombs)
Miss Aline Glascock.
6. a. Poeme. MacDowell
Far on Scotland's craggy shore,
An old gray castle stands,
Braving the fierce North sea,
And from a rugged casement,
There peers a lonely face,
A woman's white with woe;
She sweeps the harp-strings sadly,
And sings a mournful strain,
The wind plays through her tresses,
And carries the song again.
(After Heine.)
b. The Berceuse. Chopin
Miss Regina Bendel.
7. Song—I Cannot But Love Thee. Hawley
Miss Marie Rains.
8. The Arabesque. Andre
Miss Regina Bendel.
9. Duo—Morning. Chaminade
Misses Bendel and Moore.

Merely Playing For Time.
[Washington Times.]

No one need waste any sympathy on Rathbone because of the dire threat that has been made against him. It is only intended to occupy public attention until Congress can be got out of the way. Rathbone is as immune as Taylor is in Mount's Indiana house of refuge. His supporters, for temporary purposes, may point with all the pride they like to seventeen tons of wormy old Spanish statues. He has the McKinley imperial decree establishing his place, his plenary authority and his financial irresponsibility, and that decree fully protects him, since it abrogated all pre-existing laws in conflict with it, and became and is the supreme law of Cuba. After Congress adjourns Rathbone can plead this bar to annoyance, and it will be held good by the Executive as a matter of course.

Notice.

I will sell the boat and fishing tackle, carpenter's tools, etc., of the late Henry Warren. Persons knowing themselves indebted to the estate will please call and settle.

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.

If a Friend Tried and True

Tells you that a certain article is good, you are apt to purchase that article because you have faith in your friend's judgment. Our advice to those needing

PUMPS

is to buy either the I. X. L. Patent Galvanized Steel Chain Curb and Galvanized Steel Tubing, or the Cypress Rubber Bucket. Both are good and we sell 'em. It's only a matter of the price you wish to pay.
